# MATTRESS & PILLOW PROTECTORS

## Towelling and waterproof protectors.

Made from terry towelling and polyvinyl chloride backing to make it waterproof. Waterproof protectors keep the mattress clean, providing a cover that protects the mattress from body excretions (such as sweat) or other liquids resulting from spills.

## Quilted protectors.

Quilted mattress protectors have a synthetic hollow fibre fill encased in a polycotton blend with a quilted finish. These mattress protectors help to prolong the life of your mattress by protecting it from general wear and tear.
